**CSA Fuel Reduction**  
Ongoing

## MONO WINDS

On March 24<sup>th</sup> we experienced high winds with wind gusts over 100 mph. Several trees snapped and other trees fell over. Then on March 26 in the early morning hours, we were experiencing more high winds. It seems we are seeing more Mono winds than normal this year.

## FIRE BRIGADE

The Fire Brigade is sorry to report that the Americorps organization will not be assisting our residents after all. They canceled for a second time and it was decided not to deal with them in the future. We do apologize for the inconvenience this may have caused. Your Firewise Brigade will try to assist all who asked for help on their yards. We will not be doing gutters however.

To be sure your home is ready for the wildfire season; check out the site below for suggested clearances.

<https://www.readyforwildfire.org/prepare-for-wildfire/get-ready/defensible-space/>

## CSA FUEL CLEARANCE CONTINUES

With the rain and snowfall in March, we postponed the fuel clearances. We began again on March 29 at the area before the bridge. There is a nice new path down to the creek. I hope you get a chance to check it out.

## APRIL 17 – SAVE THE DATE!!!!

### POTLUCK & BBQ to Thank our Volunteers

We have been very fortunate to get so many volunteers to help in the clearing and burning of the huge log piles and the slash piles that have been standing on the CSA grounds for about seven years.

The Cascadel way to say “Thank You” is a BBQ & Potluck.

**All residents are invited to this event** to show our gratitude to the neighbors who have contributed labor, tools, money to help cover lunch expenses and chain replacements, snacks and lunch, and propane tank refills.

The Firewise Brigade will provide ribs, tri-tip, chicken, and some drinks.

## ROADS by Ed Rose

It is hard to believe just a few weeks ago road operations were focused on snow plowing, obstruction removal, and monitoring culverts. Spring is here, so we will examine the system for winter wear, make repairs, and continue with on-going projects. As always please be cautious and patient when road activities are taking place.

## EVENTS AND MEETINGS
