

CASCADEL FIRE WISE / BRIGADE

COMMITTEE MEETING and WORKDAY MINUTES

AUGUST 19, 2017

8:00 AM – 10:00 AM

Members present: Carol Eggink, Simon Elman, Carol Pace, Susie Odry

Volunteers present: Suzann Ingham and Pennie B.

No official meeting was held. Simon informed me on his inspection of the Fire Boxes. Simon updated the inventory sheets including the street name for all boxes. During his inspection he discovered no fire extinguisher in the box on Hillcrest. We will pick one up. Also in the Hillcrest box were a few items not on the inventory sheet. They may belong to Bob Buckles. Carol asked Simon to check with Brian in regards to these items.

Simon found one length of 1 inch hose in the box at the clubhouse. We have no reducers which would enable us to make use of this hose. Carol will check with Brian to see if we can dispose of this hose.

Carol purchased keys, three hard hats and two reflective vests for the members as discussed in our last meeting. One of each was given out to Susie Odry. One hard hat was given to Aimee Cox. Six bug bombs were also purchased. Carol will turn them over to Simon for use in cleaning out the Fire Boxes of spiders and bees.

WORK DAY DETAILS

One crew cleared the willows from the side of the road at the small bridge near the clubhouse. The other crew weeded and cleared the roads sides of overhanging branches on Cascadel North and Waterfall Way up to Negrete's place.

Refreshments served afterwards at Carol Pace's home.

Carol Eggink
